## Hony. Secretary comments on Year Book ACOIN 2014-15

Happy to handover in your good hand the colourful memento of all the activities of Association of Community Ophthalmologists of India (ACOIN) throughout the year.

“Year Book Ophthalmology” was a popular publication during our student life and we used to update ourselves regarding the newer developments in ophthalmology in the recent past by going through the book. “Year book ACOIN” will serve you the colourful reports of all the events organized by the association during the preceding year. The reports of the events organised during the period from previous Annual Conference of ACOIN will be included and it will be published on the occasion of every Annual Conference of ACOIN hence forth.

It is you, your encouraging contribution and the whole hearted participation moving ACOIN activities steadily ahead. Your positive criticism and suggestions regarding further improvement of the association as well as this Year book is very much required and interacting portal in the acoinsite is there for your inputs.

My heartfelt acknowledgement is being extended for conceiving the idea and ultimately exercising all his efforts in handing over the first issue of the colourful year book to none other than Dr. J. Bhunia, Chairman Scientific Committee of ACOIN.
